DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew D. Stover on July 19, 2004. The application has been amended as follows:

In the specification, page 82, line 21, "320" has been changed to - - 9320 - -.

Response to Preliminary Amendment

In response to Applicant's Preliminary Amendment received March 23, 2004, claims 1-64 and 76-80 have been cancelled. Claims 65-75 and 81-91 have been examined.

Allowable Subject Matter

Claims 65-75 and 81-91 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 65-75, while stackable wall panel systems are known in the art to comprise stacked panels and connector posts such as shown by US Patent 6,295,764 to Berridge et al. and US Patent 6,152,553 to Wunderlich, prior art fails to

disclose a spacer post disposed between the upper and lower connector posts with a draw rod connecting the upper and lower connector posts such that the draw rod extends through the spacer post, clamping the spacer post between the upper and lower connecting posts.

Similarly, regarding claims 81-91, prior art fails to disclose a connector post comprising upper and lower connecting posts, a spacer post disposed between the upper and lower connecting posts, and a draw rod connecting the upper and lower connector posts such that the draw rod extends through the spacer post, clamping the spacer post between the upper and lower connecting posts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
